

More travel options with Australia Pass

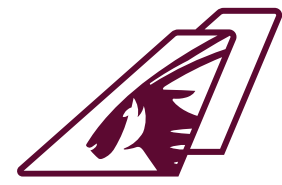

Embark on the trip of a lifetime with the Qatar Airways Australia Pass.

Connect seamlessly to major Australian hubs in Adelaide, Brisbane, Melbourne, Perth, and Sydney, and extend your adventure to 20 more destinations with Virgin Australia.

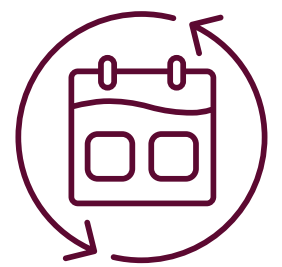

How does it work?

Book a Qatar Airways flight from Europe to Australia through the GDS.

Select a minimum of three and a maximum of eight internal flights with our strategic partner, Virgin Australia.

The GDS will then automatically pick up the Australia Pass and calculate the price in a single booking.

Please note:

- The fare basis of the Australia Pass fares is *-JAPIVR3 for the Australia Domestic sectors, where* is related to the booking RBD.
- To book the Australia Pass please select D/S/V RBDs on Virgin Australia flights in combination with any RBD on Qatar Airways flights.
- Virgin Australia sectors can only be booked in Virgin Australia Economy and Business Class, using a Virgin Australia flight number.
- Virgin Australia sectors need to be booked in conjunction with Qatar Airways long-haul flights and issued in one single booking.
- Private Fares Combinability is applicable with Virgin Australia Interline flights.
- For Virgin Australia interline segments, the following baggage allowances will apply: Economy cabin 30 kg, Premium cabin 40 kg.
- For Qatar Airways interline segments, the Qatar Airways baggage allowance applies.
- Australia Pass can be combined with Qatar Airways international flights in Economy, Business and First Class.
- Qatar Airways TTLs can be aligned with Virgin Australia Interline flights.
- Do not issue an Australia Pass Product, identified by the fare basis code (FBC), with less than three Virgin Australia Segments, as this will trigger ADM charges.

All routes at a glance

Select between three to eight one-way flights from the table. You can book any combination of the flights, in either direction, to suit your guests' travel needs.
